Spotlight on China Shibao Guo 2016-08-19 Economic globalization and advanced communication and transportation technologies have greatly increased interconnectivity and integration of China with the rest of the world. This book explores the impact of globalization on China and the interactions of Chinese education with the globalized world. It consists of twenty chapters which collectively examine how globalization unfolds on the ground in Chinese education through global flows of talents, information, and knowledge. The authors, established and emerging scholars from China and internationally, analyze patterns and trends of China’s engagement with the globalized world as well as tensions between the global and local concerning national education sovereignty and the widening gap between brain gain and brain drain. The book covers a wide range of topics, including: Internationalization of Chinese educationStudent mobility and intercultural adaptationCross-cultural teaching and learningTransnational talent mobility The diverse concepts and perspectives represented in this volume provide rich accounts of the effects of globalization on Chinese education and how globalization has transformed Chinese education and society. China’s successes and challenges will inform international researchers and educators about globalization and education in their own contexts with possible implications for change. “This timely volume opens up fascinating insights into the extensive and growing interconnections between Chinese education and the global community. Concepts such as identity, interculturality, transnationalism and double diaspora are given vivid expression in the experience of Chinese students and scholars in diverse global settings as well as that of international students and teachers in Chinese higher institutions. While there are candid critiques of barriers and prejudices that need to be overcome, there is also a sense of hope and dynamism in the rich outflowing of educational ideas rooted in China’s unique civilization. Editors Shibao Guo and Yan Guo are to be congratulated for bringing together such a remarkable collection of essays dealing with internationalization, student mobility, cross-cultural teaching and learning and transnational talent mobility.” - Ruth Hayhoe, Ontario Institute for Studies in Education, University of Toronto

Be the Lion! Philip K. Hardin M.A. M.Div. 2021-02-26 When men get stuck in their relationships, jobs, and unwanted behaviors, they generally have no idea what to do. Most men silently struggle alone or numb themselves with excess alcohol, anger, work, or play. Be the Lion! takes men down a path of learning how to connect with other men through 10 time-tested guidelines. These “real men” strategies offer freedom from isolation, secrets, and judgment, which rob men of living their best lives. Hearing the stories of men’s lives who have been transformed by being in community with other men is inspirational and offers a game-changing paradigm for men today.

Partners for Preservation Jeanne Kramer-Smyth 2019-01-23 Who could be partners to archivists working in digital preservation? This book features chapters from international contributors from diverse backgrounds and professions discussing their challenges with and victories over digital problems that share common issues with those facing digital preservationists. The only certainty about technology is that it will change. The speed of that change, and the ever increasing diversity of digital formats, tools, and platforms, will present stark challenges to the long-term preservation of digital records. Archivists are frequently challenged by the technical expertise, subject matter knowledge, time, and resource requirements needed to solve the broad set of challenges sure to be faced by the archival profession. Partners for Preservation advocates the need for archivists to recruit partners and learn lessons from across diverse professions to work more effectively within the digital landscape. Includes discussion of: - the internet of things - digital architecture - research data and collaboration - open source programming - privacy, memory and transparency - inheritance of digital media. This book will be useful reading for professional archivists and others responsible for digital preservation, students of archival studies and digital preservation.

Experience, Evidence, and Sense Anna Wierzbicka 2010 "Focusing on a handful of English words whose meaning seems obvious to native speakers, and using a brand of semantic analysis accessible to any intelligent lay person, Anna Wierzbicka reveals the empiricist worldview embedded in the English lexicon and shows how mystify-ingly foreign English can thus be to foreigners. As an exploration in historical semantics, Wierzbicka's new book deserves a place beside Raymond Williams's Keywords."---J. M. Coetzee, University of Adelaide, Nobel Laureate in Literature --

Anatomía heterodoxa del populismo Jaramillo Jassir, Mauricio 2020-06-30 "«El libro del profesor Mauricio Jaramillo Jassir está llamado a convertirse en un referente obligado para quien quiera entender el papel que ha desempeñado el populismo en la caracterización de la política latinoamericana y la historia reciente de Ecuador [...]. La investigación del profesor Jaramillo supera, con creces, su propósito inicial de profundizar en el modelo de Correa, para convertirse en un provocador y documentado estudio histórico sobre el papel del populismo en la historia política de la región». Ernesto Samper Pizano [Extracto del prólogo]"

Quinnipiac Health Law Journal 2005

HIV / AIDS, Health and the Media in China Johanna Hood 2011-01-25 HIV/AIDS is an increasingly serious problem in China. This book explores HIV/AIDS, its portrayal in China’s media, and the implications for public health policy. It discusses how many Chinese wrongly believe themselves to be immune, with infection only a possibility for other ethnic groups with perceived lower moral standards.

Mega Mergers and Acquisitions B. Kumar 2012-11-14 A casebook that discusses all the mega mergers and acquisitions in terms of value, that have happened in different industry sectors such as pharmacy, technology, telecommunications, media and entertainment, electrical and electronics, energy, finance, consumer goods, metals, and automobile and airlines.

The Value of Hawaii Craig Howes 2010-07-02 How did we get here? Three-and-a-half-day school weeks. Prisoners farmed out to the mainland. Tent camps for the migratory homeless. A blinkered dependence on tourism and the military for virtually all economic activity. The steady degradation of already degraded land. Contempt for anyone employed in education, health, and social service. An almost theological belief in the evil of taxes. At a time when new leaders will be elected, and new solutions need to be found, the contributors to The Value of Hawai’i outline the causes of our current state and offer points of departure for a Hawai’i-wide debate on our future. The brief essays address a wide range of topics—education, the environment, Hawaiian issues, media, tourism, political culture, law, labor, economic planning, government, transportation, poverty—but the contributors share a belief that taking stock of where we are right now, what we need to change, and what we need to remember is a challenge that all of us must meet. Written for a general audience, The Value of Hawai’i provides a cluster of starting points for a larger community discussion of Hawai’i that should extend beyond the choices of the ballot box

this year. Contributors: Carlos Andrade, Chad Blair, Kat Brady, Susan M. Chandler, Meda Chesney-Lind, Lowell Chun-Hoon, Tom Coffman, Sara L. Collins, Marilyn Cristofori, Henry Curtis, Kathy E. Ferguson, Chip Fletcher, Dana Naone Hall, Susan Hippensteele, Craig Howes, Karl Kim, Sumner La Croix, Ian Lind, Melody Kapilialoha MacKenzie, Mari Matsuda, Davianna McGregor, Neal Milner, Deane Neubauer, Jonathan Kay Kamakawiwo’ole Osorio, Charles Reppun, John P. Rosa, D. Kapua’ala Sproat, Ramsay Remigius Mahealani Taum, Patricia Tummons, Phyllis Turnbull, Trisha Kehaulani Watson.

The Bush administration, sex and the moral agenda Edward Ashbee 2013-07-19 The Bush Administration, sex and the moral agenda considers White House policy towards issues such as abortion, sex education, obscenity and same-sex marriage. The book suggests that although accounts have often emphasised the ties between George W. Bush and the Christian right, the administration's strategy was, at least until early 2005, also directed towards the courting of middle ground opinion. This study offers a detailed and comprehensive survey of policy-making; assesses the political significance of moral concerns; evaluates the role of the Christian right, and throws new light on George W. Bush's years in office and the character of his thinking. The book will prove invaluable for those taking social science courses as well as as well as anyone with a general interest in the Bush presidency.

GEO Annuaire 2006 United Nations Environment Programme 2006-06-01

Economic Globalisation and Human Rights Wolfgang Benedek 2007-04-19 Economic globalisation is one of the guiding paradigms of the twenty-first century. The challenge it implies for human rights is fundamental, and key questions have up to now received no satisfying answers. How can human rights protect human dignity when economic globalisation has an adverse impact on local living conditions? How should human rights evolve in response to a global economy in which non-statal actors are decisive forces? Economic Globalisation and Human Rights was originally published in 2007, and sets out to assess these and other questions to ensure that, as economic globalisation intensifies, human rights take up the central and crucial position that they deserve. Using a multidisciplinary methodology, leading scholars reflect on issues such as the need for global ethics, the localisation of human rights, the role of human rights in WTO law, and efforts to make international economic organisations more accountable and multinational corporations more socially responsible.

Media and Utopia Arvind Rajagopal 2017-07-05 Collective political projects have become ephemeral and are subject to radical forms of erasure through cooptation, division, redefinition or intimidation in present times. Media and Utopia responds to the resulting crisis of the social by investigating the links between mediation and political imagination. This volume addresses those utopian spaces historically constituted through media, and analyses the conditions that made them possible. Individual essays deal with non-Western histories of technopolitics through distinctive perspectives on how to conceive the relationship between social form, everyday life, and utopian possibility, and by examining a range of media formats and genres from print, sound, and film to new media. With contributions from major scholars in the field, this book will be of interest to researchers and scholars of media studies, culture studies, sociology, modern South Asian history, and politics.

Punishment in Popular Culture Austin Sarat 2015-06-05 The way a society punishes demonstrates its commitment to standards of judgment and justice, its distinctive views of blame and responsibility, and its particular way of responding to evil. Punishment in Popular Culture examines the cultural presuppositions that undergird America’s distinctive approach to punishment and analyzes punishment as a set of images, a spectacle of condemnation. It recognizes that the semiotics of punishment is all around us, not just in the architecture of the prison, or the speech made by a judge as she sends someone to the penal colony, but in both “high” and “popular” culture iconography, in novels, television, and film. This book brings together distinguished scholars of punishment and experts in media studies in an unusual juxtaposition of disciplines and perspectives. Americans continue to lock up more people for longer periods of time than most other nations, to use the death penalty, and to racialize punishment in remarkable ways. How are these facts of American penal life reflected in the portraits of punishment that Americans regularly encounter on television and in film? What are the conventions of genre which help to familiarize those portraits and connect them to broader political and cultural themes? Do television and film help to undermine punishment's moral claims? And how are developments in the boarder political economy reflected in the ways punishment appears in mass culture? Finally, how are images of punishment received by their audiences? It is to these questions that Punishment in Popular Culture is addressed.

Perfect Phrases for the Perfect Interview: Hundreds of Ready-to-Use Phrases That Succinctly Demonstrate Your Skills, Your Experience and Your Value in Any Interview Situation Carole Martin 2005-04-21 Hundreds of interview-acing words and phrases to land you the job In a job interview, every word counts. That's why you need to make sure you'll be prepared with exactly the right answers to any question an interviewer might throw at you. With Perfect Phrases for the Perfect Interview, you will be equipped to handle even the toughest questions. This ready reference supplies you with: The best answers to a wide range of interview questions, from icebreaker questions about experience to questions about specific skills to the dreaded "Why did you leave (or get fired from) your last job?" Exercises and resources that help you prepare for the big day Tips on words to avoid and on how you can convince a potential employer that you are perfect for the job

Chinese Cyber Nationalism Xu Wu 2007 Chinese cyber nationalism, explains Xu is a non-government sponsored ideology and movement that has originated, existed, and developed in China's online sphere since 1994, a natural extension of China's century-long nationalist movement but different from both the Communist Party's official version and the traditional nationalist movement. His perspectives include Sino-US cyber wars, the cyber public sphere, key players, and the general online public.

The Concise Guide to Global Human Rights Daniel Fischlin 2007 In a world facing the growing challenges of globalized apartheid and pandemic poverty, human rights will determine the future of every one of us and our sustainability as a species. This book allows us at least to reclaim our hope in that future.”—Roger Clark, former secretary general of Amnesty International “An excellent roadmap for navigating the labyrinthian challenges posed by globalization. It should be used by human rights activists and students alike.”—Micheline Ishay, author of The History of Human Rights: From Ancient Times to the Era of Globalization “This eloquent call for the future of human rights and a just world order is a must read.”—Dr. Upendra Baxi, University of Warwick Much more than a simple “guide to global human rights,” this book is an urgently needed and sophisticated reflection on the vital nature of human rights in the twenty-first century. Daniel Fischlin and Martha Nandorfy argue convincingly that, when the environment, health, water, and food are more at risk than ever before, human rights must become the tangible expression of an “all-encompassing respect for life.”

Islam and the Australian News Media Halim Rane 2010 "Few issues have captured media headlines over the past two decades like Islam and Muslims, and much of what the Australian public knows about Islam and its followers is gleaned from the mass media. Islam and the Australian News Media tackles head-on the Australian news media's treatment of Islam and Muslims. This incisive collection brings together the research and insights of academics, editors and journalists on the representation of Islam and its impact on social relations, the newsworthiness of Muslim issues and the complexities of covering Islam. Importantly, Islam and the Australian News Media also explores how Muslim communities in Australia are responding to their image in the Australian news media. This book is a must-read for all those interested in the relationship between media and society."--Publisher description.

The Secret in the Old Lace Carolyn Keene 2015-03-10 Nancy Drew has entered a contest to solve an old mystery—the disappearance of a Flemish nobleman, a pair of lace cuffs, and a priceless treasure. In a thrilling story shadowed by a romance of the past, Nancy and her friends work to solve a

mystery over one hundred years in the making.

Energizing Staff Development Using Film Clips Walter R. Olsen 2005-09-08 These stimulating, instructive movie clips will encourage discussion and reflection on important themes, including courage, communication, change, conflict, creativity, and leadership.

Abuse of Discretion Clarke D. Forsythe 2013-10-14 Based on 20 years of research, including an examination of the papers of eight of the nine Justices who voted in *Roe v. Wade* and *Doe v. Bolton*, *Abuse of Discretion* is a critical review of the behind-the-scenes deliberations that went into the Supreme Court's abortion decisions and how the mistakes made by the Justices in 1971-1973 have led to the turmoil we see today in legislation, politics, and public health.

The first half of the book looks at the mistakes made by the Justices, based on the case files, the oral arguments, and the Justices' papers. The second half of the book critically examines the unintended consequences of the abortion decisions in law, politics, and women's health. Why do the abortion decisions remain so controversial after almost 40 years, despite more than 50,000,000 abortions, numerous presidential elections, and a complete turnover in the Justices? Why did such a sweeping decision—with such important consequences for public health, producing such prolonged political turmoil—come from the Supreme Court in 1973? Answering those questions is the aim of this book. The controversy over the abortion decisions has hardly subsided, and the reasons why are to be found in the Justices' deliberations in 1971-1972 that resulted in the unprecedented decision they issued. Discuss *Abuse of Discretion* on Twitter using hashtag #AbuseOfDiscretion.

Lila Robert Pirsig 2013-11-06 In this bestselling new book, his first in seventeen years, Robert M. Pirsig, author of *Zen and the Art of Motorcycle Maintenance*, takes us on a poignant and passionate journey as mysterious and compelling as his first life-changing work. Instead of a motorcycle, a sailboat carries his philosopher-narrator Phaedrus down the Hudson River as winter closes in. Along the way he picks up a most unlikely traveling companion: a woman named Lila who in her desperate sexuality, hostility, and oncoming madness threatens to disrupt his life. In *Lila* Robert M. Pirsig has crafted a unique work of adventure and ideas that examines the essential issues of the nineties as his previous classic did the seventies.

Bushopedia Bill Potts 2006-06 Bushopedia deals with the corruption and many depredations of the Bush administration, the Republican Party, Republicans in Congress, right wing organizations, hypocrisy, and on and on. It does so with wit, wry humor and the words of Bush himself (including quite a few of his famous Bushisms) and many others. Readers have found it to be useful, both as a reference and as a narrative that can be read straight through for entertainment and information.

Courting Death Carol S. Steiker 2016-11-07 Refusing to eradicate the death penalty, the U.S. has attempted to reform and rationalize capital punishment through federal constitutional law. While execution chambers remain active in several states, Carol Steiker and Jordan Steiker argue that the fate of the American death penalty is likely to be sealed by this failed judicial experiment.

(En)Gendering the War on Terror Kim Rygiel 2016-03-03 The war on terror has been raging for many years now, and subsequently there is a growing body of literature examining the development, motivation and effects of this US-led aggression. Virtually absent from these accounts is an examination of the central role that gender, race, class and sexuality play in the war on terror. This lack of attention reflects a continued resistance by analysts to acknowledge and engage identity-related social issues as central elements within global politics. As this conflict spreads and deepens, it is more important than ever to examine how diverse international actors are using the war on terror as an opportunity to reinforce existing gendered, raced, classed and sexualized inter/national relations. This book examines the official war stories being told to the international community about why and against whom the war on terror is being waged. The book will benefit students, scholars and practitioners in the areas of international relations, women's studies and cultural

studies.

Travel Medicine E- Book Phyllis Kozarsky 2008-06-06 The second edition of this popular text features a team of international experts who discuss all aspects of travel medicine—from immunizations and pre-travel advice for adults and children...to the latest information on cruise travel, bird flu, and SARS...to the essentials of post-travel screening. It reflects current 'best practices' and remains both the leading comprehensive reference text on the principles and practice of travel medicine and a rich resource of practical guidance that you can use daily. And, as an Expert Consult title, this thoroughly updated second edition comes with access to the complete contents online, fully searchable-enabling you to consult it rapidly from any computer with an Internet connection. Discusses common travel illnesses, including traveler's diarrhea and malaria to help you treat whatever you see. Addresses environmental problems such as altitude sickness, extremes in temperatures, and sun exposure to help your patients prepare for high-risk activities in extreme environments. Offers advice on establishing and running a travel clinic. Provides access to the complete contents online, fully searchable, enabling you to consult it rapidly from any computer with an Internet connection. Features revised chapters to reflect current best practices as well as completely updated chapters, keeping you abreast of this rapidly changing field. Presents a new chapter on cruise travel to help you provide complete travel medicine advice. Provides cross references for the ISTM "body of knowledge?" to specific chapters and/or passages in the book to help you prepare for the ISTM travel medicine examination. Uses a new logical organization that speeds you to the information you need. Provides cross references for the ISTM "body of knowledge?" to specific chapters and/or passages in the book to help you prepare for the ISTM travel medicine examination.

Reputation Management John Doorley 2015-02-20 Reputation Management is a how-to guide for students and professionals, as well as CEOs and other business leaders. It rests on the premise that reputation can be measured, monitored, and managed. Organized by corporate communication units including media relations, employee communication, government relations, and investor relations, the book provides a field-tested guide to corporate reputation problems such as leaked memos, unfair treatment by the press, and negative rumors, and focuses on practical solutions. Each chapter is fleshed out with the real-world experience of the authors and contributors, who come from a wide range of professional corporate communication backgrounds. Updates to the third edition include: Global content has been incorporated and expanded throughout the book, rather than being restricted to only one chapter. Opening vignettes, examples, and case studies have been updated in each chapter. Additional case studies and examples with an international focus have been added.

GEO Anuario 2006 2006

History of the Apocalypse Catalin Negru 2015-11-12 If religion is the opium of the masses, then the beliefs about the end of the world are overdoses. The belief in the imminent end of the world is one of the most powerful and radical motivations of the human psyche. It is the overflow of adrenaline of the religious beliefs that combines urgent passions with deep megalomaniac tendencies. Fatalistic beliefs have the ability to generate incredible powers by setting into motion large masses of people and converting their feelings into a collective force. People caught in this kind of phenomena are capable of out of the ordinary things; they can...

Chinese Peace in Africa Steven C.Y. Kuo 2019-08-20 China's emergence in Africa is the most significant development for the continent since at least the end of the Cold War. Of the permanent members of the UN Security Council, China is also the largest contributor in terms of troop numbers to United Nations Peacekeeping Operations (UNPKO). While China's potential to be a force for change in Africa is undeniable, there are wildly varied and sometimes unrealistic expectations in both the West and Africa of China's role in Africa. A more detailed and nuanced understanding of Chinese motivations in its African engagement is necessary, in order to work effectively with China for African peace, security and development. With Liberia, Darfur and South Sudan as case studies, Kuo comprehensively examines the "Chinese peace" and places it within the context of the liberal peace debate. He does so using primary sources translated from the original Chinese, as well as interviews conducted in Mandarin with Chinese policymakers, academics, diplomats as well as Chinese company managers and businessmen working in Liberia and South Sudan. He also traces and analyses the Chinese discourse of peace, from traditional Chinese political philosophy, through Mao Zedong and Deng Xiaoping to post-reform and the Xi Jinping era.
